CORPORATE PHILOSOPHY

Global advances in medical technology and pharmaceuticals have saved the lives of a great many people and contributed to healthier lifestyles. However, there are still many diseases for which the level of satisfaction with treatment is insufficient or for which there is no established treatment. Preventative measures, treatments and therapies that can be tailored to each patient's particular condition are also in great demand. Pharmaceutical companies play an integral part in medical treatment and are depended upon to provide solutions to these problems. Aarpik pharmaceuticals Pvt. Ltd. commitment to providing what people really need is summed up in our corporate mission: "To contribute to the enrichment of quality of pharmaceuticals product, and through the provision of pharmaceuticals addressing diverse medical needs." In order to fulfill this mission, the Aarpik Group has devoted itself with a strong sense of duty to doing all that it can to meet society's expectations.

VISION

At Aarpik pharmaceuticals Pvt. Ltd., our vision is to become a Global Pharmaceuticals manufacturer that can meet diverse medical needs around the world—a company that is capable of sustainable growth. In keeping with this vision, we have proactively implemented a range of initiatives, focusing on expanding the Group's global business reach, fulfilling unmet medical needs and manufacturing innovative products and business models.

MESSAGE FROM THE MANAGING DIRECTOR

Aarpik Pharmaceuticals Pvt. Ltd. mission is to contribute to the enrichment of the quality of life around the world through the creation of innovative pharmaceuticals and through the provision of pharmaceuticals that address diverse medical needs. The business environment facing the pharmaceutical industry continues to evolve in India and around the world. In the midst of these changing conditions, we are working to realize our vision of becoming a Global Pharma manufacturer. To that end, we are striving to satisfy unmet medical needs as a manufacture of drugs, including Nutraceuticals , generic and OTC drugs, that meet a variety of medical needs. As one of the leader in the healthcare industry, we recognize that we have multiple responsibilities to our many stakeholders. We not only have a responsibility to provide the pharmaceuticals that are indispensable today to healthcare systems around the world, but we must also fund the research and development that ensures the availability of tomorrow's innovative medicines. We also have a responsibility to support the communities in which we live and work. We commit to achieving these important goals while delivering earnings growth to our shareholders and doing our utmost to earn the trust of all our stakeholders. By embracing these responsibilities.

Mr. Manohar Jaiswal
Managing Director
